Network Device Registration Request

Every computer system and managed network device connecting directly to the UBC network must be registered with the UBC DNS. To have your device/system registered to access the network please provide the following details:

Print Name: _____

Device/system location (room #): _____

Supervisor/Sponsor: _____

Device type (circle one): computer printer managed switch disk system

MAC Address: _____ -- -- -- -- --

I agree to the terms of UBC Policy # 104, Responsible Use of Information Technology Facilities and Services. I acknowledge that I have reviewed UBC Policy # 104 located on the web at:

<http://www.universitycounsel.ubc.ca/policies/policy104.pdf>

or by reading the hardcopy document available at the HelpDesk office in room 2535.

Signature

Date:
